# Big 10 Conference

October 13-15, 2017

Welcome to MINNESOTA! Land of scenic lakes, beautiful fall leaves, and cool autumn nights. These are just a few of the things we have to offer you when you attend the 2017 Big 10 Conference in Minnesota.

We have chosen a beautiful Marriott Airport location providing comfortable accommodations, free parking and free shuttle service to and from the airport as well as local attractions. Please visit our event website often as we continue to post more details about our event: [www.mn.gov/vfw](http://www.mn.gov/vfw)

You will find many types of attractions at your finger tips. Fall fishing is great on the local lakes. The Mall of America and IKEA are must see locations to be experienced. The art and science museums are just a short distance away and worth the trip.

Plan to enjoy some Midwest Hospitality- our great registration package includes beverages and meals Friday evening all the way through Saturday night. You won't want to miss the great Minnesota treats planned for you!

As you can see, we have a great deal to offer our Big 10 Conference guests and visitors. We are looking forward to your time with us, and if we can do anything to make your stay more memorable, please let us know. See you in 2017...

Yours in Comradeship,

Rick Bugbee  
State Commander (2017-2018)

Patrick Bohmer

- **Does my Ad look good in a Gray Scale?**
  - Light colors such as red and yellow do not look good in a gray scale.
- **Are the quality of my pictures in my ad good?**
  - The higher quality of picture you have the better we can make you ad look. We prefer them too be 300 DPI or better.
- **Is my add layout correct?**
  - A full page is just that a full page.
  - For a Half page layout look to the top of the page and a Quarter page is to the right.
- **Is you Ad formatted correctly?**
  - We accept Word, Publisher, JPEG and Tiff.
- **How can I guarantee the best Quality for my ad?**
  - Send it to us electronically either in a CD or Email.
  - If you send it in hard copy, print your ad in the highest quality setting your printer can go and have it print in a gray scale NOT color. Also try not to fold you ad.
