The Commander has authorized a new recruiter incentive, the Race to 25. This incentive is for any member who is still under the membership milestone of 25. The State Commander's 2023-24 Membership Program awards recruiters \$150 for recruiting 25 new or reinstated members into the State of Indiana. Effective immediately, recruiters attaining 25 new or reinstated members incentive will increase to \$200. This incentive does not pertain to the State recruiters who have already achieved the goal of 25, just to all members who are currently still below that milestone. This incentive will remain in effect until the State reaches its goal of 102.01% in membership
